

I need you.
you came in by surprise
met a pair of scared eyes
you moved to the door
to walk out again
I never never said before
now it's too late to say

oh I need you, oh I guess I'm a fool
to tread you so cruel
I need you

2x

My conscience you see
as you gave your heart to me
I broke it in two
and threw it back
My mouth says I'm settled and done
but my heart says

That I need you, oh I guess I'm a fool
to tread you so cruel
I need you.

2x

papapada break papapadada papadada
I need you

2x

I want you so bad
I need you
My heart keeps telling me
(I want you so bad.)
