

YOU TO ME

i would take the stars out of the sky for you
do just anything for you
your wish is my command
i could move a mountain when your hand is in my hand

words can not expres how much you mean to me
i just got to make you see
you know i'd pay the price, anything that i posess i'd gladly say goodbye

chorus:

you to me are just everything
you're always special in my heart
when i see you i want to sing
in my life you have the biggest part

to you i guess i'm just a clown
who picks you up everytime your down, oh baby
you give me just a taste of love
but you know that you can keep me hanging on

although your close to me, we seem so far apart
i just want to love you
now you got the best of me
come on over here and take the rest of me
